

BOARD WORK SESSION NOTICE
AND
AGENDA
May 21, 2020

The district board will hold a work session at 6 PM on this coming Thursday, May 21. The purpose of this meeting is to update the board with more information about options for needed infrastructure restoration and improvement, and their projected costs. The board will also learn more about available methods for funding these costs. This part of the session will be open to the public.

There will also be an executive session, closed to the public and on an unrelated topic, to consider information or records that are exempt by law from public inspection pursuant to ORS 192.660(2)(f). However, if any board actions are to be taken as a consequence of information discussed in executive session, the board will return to the open meeting to take those actions in public.

This is a public meeting. An easy way to attend is to click the "ATTEND THE NEXT WORK SESSION ONLINE" item in the left-hand menu on the Board Meetings page on our website, otterrockwater.org. You may also use the link below.
