By signing said application form the applicant agrees to confirm to the rules and regulations of the Otter Rock Water District. Otter Rock Water District Ordinances and Rates may be found on our website www.otterrockwater.org under Notices and Documents. The owners of the property upon which the usage of the water takes place shall be responsible for all water bills and fees.

Payment of Application for Service Fee must be made before service will be installed. Except for subdivisions with service and meters already installed, the actual installation costs to a lot and the cost of the meter will need to be paid before the Water Operator will turn on the service.

After the application and fees have been turned into the office, we will have the Water Operator contact you to schedule installation. All new properties must have a service line with an approved shut off valve before water can be turned on. New service customers have one year from the date of the application to make connection to the system and commence payment of monthly water rate.

The Cost for Budget Committee Approved Application Fee requesting water service during the 2021-2022 Budget Year is \$750.00, plus actual installation cost and a water meter.

A Systems Development Charge as set by Resolution will be charged when property owners apply for a building permit with the County. The current amount \$12,426.00.
